

### Remarks

The Notice of Drawing Inconsistency with Specification noted that FIG. 11 is not listed in the Brief Description of the Drawings in the specification. Applicant has amended the specification to include the required brief description. No new matter has been added. The brief description is taken nearly word-for-word from paragraph [0076] of the specification, which reads, "In one configuration, as shown in FIG. 11, video frames 1102 within a scene 206 may be subdivided into a plurality of sub-frames 1104." Applicant removed the reference numerals and formatted the sentence so that it is grammatically corrected in the context of the Brief Description of the Drawings.

If any issues remain, the Office is invited to call the undersigned at (801) 578-6993.

Respectfully submitted,
